

LICENSING ANNOUNCEMENTS

June 15, 2007

No-Stat Table

In Appendix C of the DPV and DSF² LPRs, information regarding the no-stat table will be removed because the no-stat table is not a requirement for CASS Cycle M.

Sample License Agreements

Sample license agreements posted to the RIBBS website should not be completed and submitted to the USPS because these sample license agreements are not acceptable as part of the certification and licensing process. The sample license should be sent to your legal or contract department for review. Upon completion of the certification process, the USPS will send an original license agreement for execution. The SAMPLE and ORIGINAL licenses are identical in regard to wording.

Additional Reminders

- ◆ If you have personnel changes, please forward an updated Key Personnel Form to ncoalink@usps.gov or fax it to 901-681-4579.
- ◆ For any changes to the license and supporting documents, check the Modifications document under the appropriate product name.
